

San Pedro Creek (and all waterways) are protected:

- Dumping of anything into the creek is illegal.
- Altering the streambed in any way without a Local, State and Federal permit is illegal.
- Fishing of any type is illegal.

Please report any violations to the correct authorities listed below. As many violations share jurisdictional authority, please contact all that apply to the violation you witness. And feel free to copy SPCWCPacifica@gmail.com to keep us informed.
